WHAT IS BEHIND THE PERSECUTION OF MUSLIMS IN THE WEST?

Jihad Muhammad Hasan

All praise belongs to Allah Who has sent His Messenger with guidance and the religion of truth to manifest it over all religion, although they who associate others with Allah dislike it. And may peace and blessings be upon His servant, His Messenger, His intimate friend and the one He has chosen from among His creatures, our Prophet and Imam: Muhammad – Peace and blessings of Allah be upon him – and upon his family, his Companions and those who followed his path and example until the Day of Judgment. As to what follows:

The cruel persecution imposed on Muslims did not stop with our Uyghur, Rohingya and Indian brothers alone, but has now blatantly spread to the heart of Europe, America and the countries of the West. And it is carried out by countries and governments that have long talked about rights and freedoms, and have waged wars under the slogan of implementing those rights and freedoms. It is a persecution enacted by law, instigated by the media tool and justified by the pens and platforms as nothing more than civilization and Western superiority accompanying the demands of the age of secularism and postmodern ideas that see Islam as an enemy with rival separatist tendencies whose claws must be torn out and submitted to the international system like a humiliated disciple.

With the succession of stories of painful assaults on Muslims in Europe, incidents of child loss and family breakdown, offenses against women wearing hijab in brutal ways, and then the frantic hunt for every humanitarian Islamic project, activity and even mosque, it seems to us that the scene of the Inquisition tribunals in Al-Andalus is being repeated in our contemporary era with similar copy. And perhaps the most notable of these is the information coming from France, which has long been the leader of the crusader campaigns throughout history and has long woven the threads of cunning and machination in the corridors of Paris.

And it may be that the most serious thing threatening Muslims in the West today is that they will be forced to accept homosexuality, transsexuality and the stripping of natural predisposition as proof of their good coexistence with the laws of the West.

And indeed, this corruption has certainly begun to target children, and the stories that are told about it are heartbreaking and require mobilization.

And this is not the place to enumerate the list of violations against Muslims in the West nor to narrate the history of these assaults, for they have become a reality known and complained about by most Muslims in these countries, especially those who have refused to abandon their religion and rites for a destructive secularism that fights against the natural predisposition and Islam. But this is the place to cry out a warning to the Muslims in the West and draw their attention to the reality: What is happening to them today is a result that has been expected for decades and is repeated in every age, and it is the clash between faith and disbelief, between the creed of monotheism and the creeds of polytheism, for it is indeed impossible for the good and the bad to come together, as the laws of Allah on earth have taught us.

And it may be that the greatest lie that has been spread among people in our era is the one that attributes the state of persecution that Muslims are suffering in the West to the events of the 9/11, that it caused the West to call for help and rally against Muslims, and this is what the Western media and those who follow them among the Arab media channels are unfortunately pouring out, except that it is a departure from the truth and contradicts history. Indeed, Western aggression against Muslims preceded the key attacks of the 9/11 by several decades. And these attacks were only a very normal and necessary reaction of the sons of a community that bows only to Allah. The 9/11 strikes were a tribute that the West had to pay for its long disregard of the greatness of this ummah and to learn the lesson that the patience of the Muslims was for preparation and shooting not for defeat, and that they were different from all other communities. For them, rights are not lost and their state of weakness does not prevent them from working. As for jihad for them, it is an obligation and an honour for which souls are offered cheaply until the Day of Resurrection. Al-Bukhari and Muslim reported from Al-Mughirah ibn Shu'bah – May Allah be pleased with him – that the Prophet – Peace and blessings of Allah be upon him – said: *"A group of my ummah will remain predominant* (victorious) *until Allah's Order comes upon them while they are still predominant* (victorious)*."* And in a version of Muslim, *"A group of my ummah will continue to obey Allah's command, and those who desert or oppose them shall not be able to do them any harm. They will be dominating the people until Allah's Command is executed."* Thus, jihad is permanent until the Day of Resurrection so that the word of Allah may be the highest and the word of those who disbelieved the lowest, both in the situation of individual obligation to repel the attacking enemy and in the situation of offensive jihad for conquests and transmission of the message

of Islam. It will continue as the Companions and the Tabi'in – May Allah be pleased with them – and those who succeeded them with good conduct until the Day of Judgment, and neither desert nor deviltry will harm the Mujahideen.

As for the one who pretends to weep over the persecution of Muslims in the West as a new development, let him remember the persecution of Muslims within their countries in Palestine, Iraq, Sham, Yemen, Somalia and elsewhere, we hardly find any misfortune or calamity suffered by Muslims without the West having had a role in it, and America has the lion's share in this injustice. And this reality can only be denied by one who lives selfishly with a heart that cares only for himself, one who considers the misfortunes of the Muslims to be far from his circle of concern, so he has not felt their sufferings and still has not understood the reality of the weakened state of a community that endures under the weight of the West. Rather, he did not know that any cry from the afflicted in Muslim lands, the Muslim must respond even if he lives in a palace in Europe, and this is the understanding of one community, not as some believe that the revenge of the blood of the Muslims in Palestine must not disturb the welfare of the Muslims in the West! As if the welfare of the Muslim in the West is more important than the life of a Muslim in Palestine!

And when you hear one of them say, "If the Mujahideen "terrorists" had left the West, our situation would not be like this." We say to him and his kind, did the West leave the Muslims in their condition? Rather, their war against us – for decades – has been working to strike at the foundations of religion, morality and natural predisposition so that we live as followers who are subservient to them. And this is something that cannot be avoided, when the Muslim does not have the strength to deter the lusts of the disbelievers, or he becomes strong and self-reliant, or he lives under domination and humiliation.

Allah the almighty says, **{ … And they will continue to fight you until they turn you back from your religion if they are able. … }**[1] And He says, **{ And never will the Jews or the Christians approve of you until you follow their religion. … }**[2] And in the verse, **{ They wish you would disbelieve as they disbelieved so you would be alike. … }**[3]And as He says, **{ Many of the People of the Scripture wish they could turn you back to disbelief after you have believed, out of envy from themselves … }**[4]

3 An-Nisaa: 89
4 Al-Baqara: 109

It is essential that they understand that the principle of struggle is permanent and that jihad is an obligation in this struggle. Allah the almighty says, **{ … And if it were not for Allah checking [some] people by means of others, the earth would have been corrupted, … }**[5] And Ibn 'Umar – May Allah be pleased with them both – said, *"I heard the Messenger of Allah – Peace and blessings of Allah be upon him – say, "When you enter into the 'inah*[6]*, hold the tails of caws, are pleased with agriculture, and give up conducting jihad. Allah will make disgrace prevail over you, and will not withdraw it until you return to your religion."*[7] And while the West is engaged in a "crusade", it blames us for the mere defense of our religion, our countries and our identity, and this is indeed, **{ ... an unjust division. }**[8]

The history of the animosity of disbelief towards faith is ancient, since the Revelation was sent down to our Prophet Muhammad – Peace and blessings of Allah be upon him –, sometimes they called it "legends", sometimes "magic", and today "terrorism". However, Allah has willed that sincere people should work for the elevation of the edifice of Islam on earth, who have established states and empires for it, which have spread over the surface of the earth, and who have sacrificed for it the soul and what is precious, when they have carried the Book (the Quran) and the sword together. The result of this was that glorious civilization which surpassed all previous civilizations. Then the communities rushed against it, until it weakened and ended today in what it ended in incapacity and loss.

And the matter did not stop at military expedition and international domination, it went as far as destroying the Islamic identity through ideological expedition, since Napoleon entered Egypt with his cannons and printing press, and then the priest (Douglas) Dunlop completed his work by altering the curricula and separating the religion from the worldly life of the Muslims, From then, defeatism began to spread until it hit the heart of the land of the two holy mosques, and who would have expected to see at a close distance from the city of the Messenger of Allah – Peace and blessings of Allah be upon him – festivals of debauchery and licentiousness being held in public without fear or shame?! All this is part of the products of the war against Islam in the land of Islam.

And it is sufficient that it to show the level of fear that grips the West at the mention of Islam, that its freedoms are extended to any altered ideology: the leftist, the right-winger, the Marxist, the liberal, the capitalist, the socialist, all are welcome, for they are all at war with Islam. As for the freedom to apply the Shari'ah in the countries of the Muslims, this requires the mobilization of armies!

Today, globalization carries the banner of war against Islam, taking advantage of the weakness of peoples in terms of economy and development, and even psychology. It works both for complete despoilment and for strengthening corrupt claims such as nationalism and ethnic fanaticism instead of Islam.

This ideological expedition was reflected in a great regression in dogmatic belonging among the generations whose attachment to everything produced by the West triumphed, not only in terms of life and its organization, but also in terms of ideology and belief. So feminism, liberalism and trends that have no connection with Islam have spread.

And I don't think there is anything more obvious than what we are witnessing in the curricula, with what is literally happening as a purging of these curricula of everything that establishes the Islamic soul in the child; even polytheism, disbelief and disregard for the rank of the Prophet – Peace and blessings of Allah be upon him – has become something acceptable in the books of some Arab states. And this step seemed to be a first decisive step of long reach after the declaration of the scandalous normalization with the Zionist occupation which is a declaration of alliance with the Jews and Christians against which Allah the almighty warned us. He says, **{ O you who have believed, do not take the Jews and the Christians as allies. They are [in fact] allies of one another. And whoever is an ally to them among you – then indeed, he is [one] of them. Indeed, Allah guides not the wrongdoing people. So you see those in whose hearts is disease hastening into [association with] them, saying, "We are afraid a misfortune may strike us." But perhaps Allah will bring conquest or a decision from Him, and they will become, over what they have been concealing within themselves, regretful. }**[9]

And as long as we do not return to the Book of Allah, the Sunnah of His Prophet – Peace and blessings of Allah be upon him – and the path of the pious predecessors in a sincere manner, we will continue to wander in the circle of misguidance and absurdity. So let us expect the principle of replacement. Allah the almighty says,

9 Al-Maaida: 51-52

{ O you who have believed, whoever of you should revert from his religion – Allah will bring forth [in place of them] a people He will love and who will love Him [who are] humble toward the believers, powerful against the disbelievers; they strive in the cause of Allah and do not fear the blame of a critic. That is the favor of Allah; He bestows it upon whom He wills. And Allah is all-Encompassing and Knowing. }[10]

The history of this West is drowned in blood, the murder of human beings, the crushing of their dignity, the destruction of the identity of peoples and the plundering of countries. And its interference in the lives of Muslims has continued. He has established those who rule them with tyranny and persecution among acolytes. So It does not need pretext to invade Afghanistan and Iraq, all it is striving for is to protect the Zionist entity and support their plan to establish their state from the Euphrates to the Nile, and this will only be achieved for it by subjecting the Muslims to its rule.

Thus, the West is working hard for this state, while our fellow men are believing in the calls of immobilization and inattention which only have the effect of anesthesia. Those who killed America's aborigines (Native Americans) did not need the 9/11 strikes to hit Afghanistan, or even Iraq, for whom they forged the lie of weapons of mass destruction.

And any truthful, when he ponders the details of the invasion of Iraq, knows that the issue is bigger than an Islamic attack preceded by hundreds of Western attacks on Muslim lands. And any intelligent researcher knows that "hitting Afghanistan" was on the table before the Mujahideen anticipate it with a deadly strike. And whoever fears the costs of confrontation, then his future will be submission to the system of the West and acceptance of all its corrupt laws and freedoms, and he will live as a servant of the West and not of Allah! And far be it from Allah that a believer seeking help from His Lord should accept this!

Many serious analyses have revealed that the objective of the United States of America and the Western coalition in invading Iraq was to take control of its oil wells and to establish an Iraqi government allied with America. And after the destruction of Iraq, the United Nations weapons inspectors did not discover a single weapon of mass destruction, even though this was the proclaimed cause of the invasion, not terrorism. Then, as a result, the popular resistance against the American occupation was called "terrorism". Why then do the fingers of the prosecution point to the people of jihad?

10 Al-Maaida: 54

When all the credit goes to them for making American life in Muslim countries costly and a nightmare that cannot be forgotten and continues to echo in statistical reports in the form of death rates, wounded, crippled, psychologically ill and suicides, not to mention material losses and the failure of American "anti-jihad" strategies. In contrast, and by the grace of Allah, the list of heroic deeds of the Mujahideen delights the eyes of the monotheists.

And in this direction continues the western course of action, in destroying the Muslim countries and their hopes of rebirth and freedom; just as the jihadi movement continues to repel it – and praise be to Allah –, it has certainly advanced since we have today autonomous Islamic emirates and wilayas where Allah's legislation is applied and the disbeliever is unable to impose on the Muslims therein a disbelieving law, something unlawful or to pay a tax.

Moreover, it is part of the requirements of the continuity of the western domination to start wars and to confront any rising Islamic power or even the causes of obtaining such power. And it is very natural that the banners of jihad rise to repel the aggressor enemy of a community whose religion is Islam. Thus, jihad is an obligation as prayer is an obligation, and the community whose sons perform jihad is a healthy and well-functioning community.

And whoever believes in the lamentations of the West – like the lamentations of the Rafida in Karbala – by which it complains when retaliation is inflicted upon it, it is incumbent upon us to ask it, did the West need to rape the women of Muslims, to kidnap and vilely torture their men in its secret prisons, to indiscriminately bomb peaceful families in their homes, and to besiege millions in grinding poverty? Did he need internationally banned weapons – as they claim – and uranium that killed thousands of innocent children? Then he comes to give us lectures on freedom and justice in front of the cameras! And today with the apostasy campaigns targeting Muslim societies, the direct killing of Muslims has become less than what happens as they are taken out of the religion of Allah, stripped of their natural predisposition and brought into the swamp of apostasy. That is to say, the war of the West against us remains permanent and relentless, and confirms to us every time that it is an ideological war at its origin.

And now the West is imposing its diktats on Muslims in order to put an end to any chance of economic independence, which has only increased our rates of high unemployment and frightening poverty through permanent economic failure and

uncontrolled draining of people's capabilities. And yet, some people living in comfort in the West would like us to stop making plans to liberate the ummah in order to enjoy some peace and quiet and the smiles of the Europeans along the way!

Working to remove the Western burden perched on the chest of the Islamic world is the priority of every Muslim everywhere according to ability. Indeed, the Western order conditions the international economy in a selfish and greedy way through the International Monetary Fund (IMF) and the World Bank, and does not neglect direct robbery, open warfare and armed and violent confrontations, and no matter how many dead will leave behind its plans of domination.

And today, any person who opposes injustice is called a "terrorist", regardless of whether he carried a weapon or went out peacefully. Indeed, the war waged by the West is not a war against terrorism or terrorists, but it is a war against Islam as a whole with its values and rites, it is an operation of complete destruction of everything that helps the return of Islam as the governor of the Muslim peoples.

And Muslims in the West will not understand this until they read the scene with its dogmatic background, its Islamic terms, the Quranic verses and the hadiths, and not as desired by the verbal altercations presented by the corrupt media which are only a second battlefield.

And you will not find a research institute, a center, or a newspaper that has the ability to give a precise definition of terrorism, without the understanding of what the West is doing with its armies and its administrations, which has made the issue of the war on terrorism a scene of the moral collapse of the West exposing the double talk, the lies, the slander, the fabrications of the paid media, and the manipulation of data in order to polish the image of the criminals. El-Hajj Malik El-Shabazz (Malcolm X) – May Allah have mercy on him – said, *"If you aren't careful, the newspapers will have you hating the people who are being oppressed and loving the people who are doing the oppressing."* And he said in another saying, *"The media's the most powerful entity on earth. They have the power to make the innocent guilty and to make the guilty innocent, and that's power. Because they control the minds of the masses."*

Therefore, one should be wary of being dragged behind the narratives of the media run by the leaders of the Western alliance or the United Nations. As for the lie of the realization of peace... It is impossible for peace to be realized until Islam regains its

full right in the governance of Muslims and the organization of their lives, as ordered by Allah and His Messenger. This is what will bring about peace.

Remarks on Islamophobia

The Islamophobia that is spreading in the West is only the product of a long history of conflict between the Islamic and Western worlds, and it is not the result of the declaration of jihad by the Mujahideen against the West.

And Islamophobia means "Islam phobia", i.e. the sick and unjustified fear of Islam. In other words "animosity towards Islam" whose roots go back centuries before the term "Islamophobia" was even used in the Western media at the end of the 20th century, since some Western sociology scholars attribute the date of the first appearance of the term "Islamophobia" to the time of the French occupation of Muslim countries at that time of the 20th century.

Let us meditate on what the French intellectual Alain Quellien propagated in his book entitled "Muslim Policy in the French Western Africa" published in 1910, in which he said, *"For some, the Muslim is the natural and irreconcilable enemy of the Christian and the European. Islamism is the negation of civilization, and barbarism, bad faith and cruelty are all that can be expected of the Mohammedans."*

The history book reader has understood that the animosity towards Islam is born from the matrix of the great eternal conflict between the Christian and Muslim worlds. Indeed, Islam represents the greatest challenge to the Christian world and this explains the systematic animosity against Islam with the crusader campaigns, the fall of the Ottoman Empire and through the European occupation of the Muslim countries, and today, with what is called "the war against terrorism".

And all the aggressions of the West against Islam have no justification except the fear of the supremacy of Islam, its superiority, its prosperity and its justice. On the other hand, if we observe every jihadi attack in the West, we find motives for them: jealousy for Islam and what is sacred to it. Then, how could the newspaper "Charlie Hebdo" offend the Prophet of Islam – Peace and blessings of Allah be upon him - and we keep silent about this flippancy? It was necessary for the knights of Islam to – oppose them, so that the heroism would be transcribed and the obligation fulfilled. Thus, the West provokes the Muslims with its policies and lines of conduct. So let it

assume the price of its alleged freedom of expression and provocative acts, and every aggression has a price.

The solution for the Muslims in the West

The solution is found in the Quran for more than 14 centuries. From the lands where the person is humiliated and does not practice his rites in freedom, emigration is an obligation and not just a choice that we can do without in this situation. Allah the almighty says, **{ Indeed, those whom the angels take [in death] while wronging themselves – [the angels] will say, "In what [condition] were you?" They will say, "We were oppressed in the land." The angels will say, "Was not the earth of Allah spacious [enough] for you emigrate therein?" For those, their refuge is Hell – and evil it is as a destination. }**[11] The land of Allah is vast and provision is decreed and is not lost, and only he who is unjust to himself accepts the loss of his religion. Al-Hafidh Ibn Kathir – May Allah have mercy on him – said, *"**{ ... while wronging themselves ... }** by abandoning hijrah (emigration)."* And this verse was revealed for the one who resided among the polytheists and did not emigrate while he had no excuse,and he certainly committed a great sin unanimously among the Muslims. The angels said to him, **{ … "Was not the earth of Allah spacious [enough] for you emigrate therein?"… }** That is to say, "Why do you not emigrate and leave the lands of polytheism?" And this applies to any country where the Muslim cannot manifest his religion, so it is not permissible for him to reside among them, but it is obligatory for him to emigrate, unless he is totally unable to do so and does not possess the means to leave. Allah the almighty says: **{ Except for the oppressed among men, women and children who cannot devise a plan nor are the directed to a way. }**[12] They can do nothing for lack of means and find no way if they leave for lack of guidance **{ For Those it is expected that Allah will pardon them, and Allah is ever Pardoning and Forgiving. }**[13]

And whoever examines this verse carefully will see that whoever lives among the disbelievers without excuse is threatened with the fire of Hell. It is therefore obligatory for him to emigrate to the lands of Islam.

Therefore, let the Muslims in the West meditate on the word of Allah, **{ And never will the Jews or the Christians approve of you until you follow their religion. … }**[14]

11 An-Nisaa: 97
12 An-Nisaa: 98
13 An-Nisaa: 99
14 Al-Baqara: 120

It is therefore a waste of time to try to beg for their satisfaction, for their satisfaction means "to forsake your religion and disbelieve in Allah". But, Allah the almighty says, **{ … And they will continue to fight you until they turn you back from your religion if they are able. … }**[15] Which obliges for that, **{ And fight them until there is no fitnah and [until] the religion, all of it, is for Allah. ... }**[16] And what is clearer than the verses of Allah in diagnosing the state and providing solutions to the crisis of the Muslims today?

As for the fear of what might happen, the word of Allah is sufficient for you, **{ And their Lord responded to them, "Never will I allow to be lost the work of [any] worker among you, whether male or female; you are of one another So those who emigrated or were evicted from their homes or were harmed in My cause or fought or were killed – I will surely remove from them their misdeeds, and I will surely admit them to gardens beneath which rivers flow as reward from Allah, and Allah has with Him the best reward." }**[17] What a beautiful consolation this is! And it is enough as an honor that Allah is with the believers, **{ Indeed, those who have said, "Our Lord is Allah" and then remained on a right course – the angels will descend upon them, [saying], "Do not fear and do not grieve but receive good tidings of Paradise, which you were promised. }**[18]

As for the one who has been tested by a weakness preventing him from leaving, let him know that the children are a trust hanging around his neck and that he will be questioned about them on the Day of Resurrection. So let him hasten to shelter them in another country, let him be eager to educate them with the right Islamic education and let him not let them enter the schools of the disbelievers. Malik El-Shabazz – May Allah have mercy on him – said, *"Only a fool would let his enemy teach his children."* And I say, Worse, he is unjust to himself and his child, and he will be questioned about his failure tomorrow in front of Allah.

By Allah, take care of this generation, save them from the wild beasts of the disbelieving West who do not observe toward a believer any pact of kinship or covenant of protection!

Then, O people, we cannot dream of the return of Islam to its rank only by speech and words, the sacrifice of the soul and of what is precious, the creed of sacrifice,

15 Al-Baqara: 217
16 Al-Anfaal: 39
17 Aal-Imran: 195
18 Fussilat: 30

the jihad in the cause of Allah, the brilliance of the swords, the patience and endurance are necessary. Allah the almighty says, **{ O you who have believed, persevere and endure and remain stationed and fear Allah that you may be successful. }**[19] And He says, **{ If a wound should touch you – there has already touched the [opposing] people a wound similar to it. And these days [of varying conditions] We alternate among the people so that Allah may make evident those who believe and [may] take to Himself from among you martyrs – and Allah does not like the wrongdoers – }**[20]

O You Westernized Muslim, I will not prolong the speech, advice or reminder with you, just open your copy of the Quran and ask Allah to grant you to meditate on it and work with it, then after that, tell me if you will remain persecuted and in a weak state!

Save yourself, your family and your children from the fire of the Hell of the disbelievers which is burning every day and does not cool down. Join your brothers to establish the reign of Islam on earth with the end of the era of tyrannical rule and the appearance of the dawn of the Caliphate on the prophetic path, that you may have a contribution in this return **{ So fight, [O Muhammad], in the cause of Allah; you are not held responsible except for yourself. And encourage the believers [to join you] that perhaps Allah will restrain the [military] might of those who disbelieve. And Allah is greater in might and stronger in [exemplary] punishment. }**[21] And if this rank is difficult for you, it is no less than living in a country where the Muslim is not forbidden to conform (to his religion). The life (of this world) is one, so make it only for Allah.

And I give you the good tidings that the Mujahideen are in the best conditions by the grace of Allah. They have certainly become powerful and increased in strength and robustness, they have known the machinations of the disbelieving West and have put the nose of its soldiers and mercenaries in the dust, they have written successive victories and have established the judgment of Allah on earth, and the blessings of the application of the legislation of Allah have been observed by the enemy before the friend. And the Mujahideen have become the most difficult number that confuses the ignoble plans of domination and occupation of the West. Their training camps are hosting waves of sons of this ummah and their schools are producing an educated and enlightened generation taking the Book (the Quran) and the Sunnah as an example. And their resolutions are not softened and their ambitions are not forsaken.

Praise be to Allah for the blessing of jihad and ribat in the cause of Allah, praise be to Allah for the blessing of victory and triumph over the enemies, praise be to Allah for the blessing of honor and pride in faith.

O Servant of the two sacred mosques ... If you had seen us,
you would have known that you are playing with worship.

O Allah, may your peace and blessings be upon Muhammad, his family and his Companions.
